➡ Why choose Es-Glocal? (continued)

Think ahead

Our audit team is selected so that we are able to demonstrate innovative thoughts, combine with our extensive knowledge and experience, with a view to conducting a strictly managed, objective audit of the highest quality standards.

Effective audit methodology

Our advanced audit methodology puts focus on risky areas in the financial statements. This methodology is consistently applied within our firm for all clients which helps enhance our efficiency and save time for our clients.

Quality service

Quality acts as our basis for success. Our quality is reflected through our prudent, objective audit and quality control process, as well as our frequent training of technical knowledge and relevant skills for our professionals.

Timely consultancy

Our clients receive consultancy from our experienced tax professionals not only in technical issues but also in the handling of concern from state authorities. They will co-operate with audit team to support the clients if necessary.

➡ Why choose Es-Glocal? (continued)

Best resources

We commit to provide the best resources including personnel, time budget and technical equipment so that you recognise your importance to us. We commit to meet the timelines of all our clients.

Value added services

We provide consultancy to our clients before, during and after our audit. This, on one hand, adds more benefits to our clients and, on the other hand, enriches our understanding of the clients.

Direct discussion

We are willing to listen to, report to and discuss with our clients about their difficulties. We are open to direct discussion with our clients in the most appropriate ways.

Reasonable fee

Our fees are constructed based on clear criteria and are relevant to the corresponding workload. We aim to offer the most reasonable fee to share difficulty with our clients.
